

## DATA KOMITE TEKNIS

Komite Teknis : 21-01-S1- Permesinan dan Alsintan (Alat Mesin Pertanian)  
 Sekretariat : Pusat Standardisasi Industri - Badan Penelitian dan Pengembangan Industri (BPPI) - Kementerian Perindustrian  
 Alamat : Jl. Gatot Subroto Kav. 52-53 Jakarta Selatan 12950  
 No. Telp : 62215255509  
 No. Fax : 62215255509  
 E-mail : perumusan.psi@gmail.com  
 Contact Person : Glenda Vyona  
 Status Keaktifan : Tidak Aktif  
 Keterangan : SK DIREKTUR INDUSTRI PERMESINAN DAN ALAT MESIN PERTANIAN TENTANG PEMBENTUKAN SUBKOMITE TEKNIS 21-01-S1 PERMESINAN DAN ALAT MESIN PERTANIAN PADA DIREKTORAT JENDERAL INDUSTRI KECIL DAN MENENGAH

### Lingkup ICS

| No | ICS       | Judul (INA)                                       | Judul (ENG)                                                  |
|----|-----------|---------------------------------------------------|--------------------------------------------------------------|
| 1  | 21.020    | Karakteristik dan desain mesin, aparat, peralatan | Characteristics and design of machines, apparatus, equipment |
| 2  | 21.040    | Ulr sekerup                                       | Screw threads                                                |
| 3  | 21.060    | Pengencang                                        | Fasteners                                                    |
| 4  | 21.080    | Engsel, lubang tali dan sambungan lainnya         | Hinges, eyelets and other articulated joints                 |
| 5  | 21.100    | Bantalan                                          | Bearings                                                     |
| 6  | 21.120    | Poros dan kopling                                 | Shafts and couplings                                         |
| 7  | 21.140    | Segel, gelang penekan                             | Seals, glands                                                |
| 8  | 21.160    | Pegas                                             | Springs                                                      |
| 9  | 21.180    | Rumah, selungkup dan suku cadang mesin lainnya    | Housings, enclosures, other machine parts                    |
| 10 | 21.200    | Roda gigi                                         | Gears                                                        |
| 11 | 21.220    | Penggerak fleksibel dan transmisi                 | Flexible drives and transmissions                            |
| 12 | 21.240    | Mekanisme torak berputar dan suku cadangnya       | Rotary-reciprocating mechanisms and their parts              |
| 13 | 23.020    | Alat penyimpan fluida                             | Fluid storage devices                                        |
| 14 | 23.020.30 | Bejana tekan gas, tabung gas                      | Gas pressure vessels, gas cylinders                          |
| 15 | 23.020.99 | Alat penyimpan fluida lainnya                     | Other fluid storage devices                                  |
| 16 | 23.060    | Katup                                             | Valves                                                       |
| 17 | 23.060.30 | Katup pintu                                       | Gate valves                                                  |
| 18 | 23.060.40 | Regulator tekanan                                 | Pressure regulators                                          |
| 19 | 23.080    | Pompa                                             | Pumps                                                        |

|    |           |                                                    |                                          |
|----|-----------|----------------------------------------------------|------------------------------------------|
